

LDLT Study Group Colloquium in Kazakhstan_Program

Colloquium Opening		
Moderator: Kulpash Kaliaskarova (President of GastroHepatoTransplant Group)		
08:30-08:35	Greetings from Ministry of Healthcare	Yelzhan Birtanov (Minister of Healthcare of the Republic of Kazakhstan)
08:35-08:40	Opening Remarks	Jan Lerut (President of LDLT Study Group)
08:40-08:50	Coordination of liver transplantation in Kazakhstan	Doskaliyev Zhaksylyk (Republican Coordination Center for Transplantation, Kazakhstan)
08:50-09:00	Current status of liver transplantation in Kazakhstan	Bolat Baimakhanov (Syrganov's National Scientific Surgery Center, Kazakhstan)

Symposium 1: Evaluation and LDLT		
Chairs: Jan Lerut (Université catholique Louvain, Belgium) and Zhijun Zhu (Beijing Friendship Hospital Capital Medical University, China)		
09:00-09:20	Living liver donor evaluation : anatomic and functional considerations	Zhijun Zhu (Beijing Friendship Hospital Capital Medical University, China)
09:20-09:40	Liver recipient evaluation : nutritional considerations	Toshimi Kaido (Kyoto University, Japan)
09:40-10:00	Living liver donor evaluation : ethical considerations	Jan Lerut (Université catholique Louvain, Belgium)
10:00-10:20	Acute hepatic failure and LDLT : how to deal with?	Kenneth Chok (The University of Hong Kong, HK)

10:20-10:40 Coffee Break

Symposium 2: Indication and LDLT		
Chairs: Chao-Long Chen (Chang Gung Memorial Hospital Kaohsiung, Taiwan) and Suk-Koo Lee (Samsung Medical Center, Seoul, Korea)		
10:40-11:00	Hepatic disease burden in Kazakhstan	Kulpash Kaliaskarova (University Medical Center, Kazakhstan)
11:00-11:20	LDLT and acute & chronic end-stage liver disease in children	Mureo Kasahara (National Center for Child Health and Development, Tokyo, Japan)
11:20-11:40	LDLT and viral & alcohol related end-stage liver diseases	Chih-Chi Wang (Kaohsiung Chang Gung Memorial Hospital, Taiwan)
11:40-12:00	LDLT and expanded hepatocellular cancer criteria	Kwang-Woong Lee (Seoul National University Hospital, Korea)

Lunch Symposium sponsored by Green Cross

Chairs: Doskaliyev Zhaksylyk (Republican Coordination Center for Transplantation, Kazakhstan) and Kwang-Woong Lee (Seoul National University Hospital, Korea)		
12:00-12:30	How to prevent viral B allograft reinfection	Gi-Won Song (Asan Medical Center, Seoul, Korea)
12:30-13:30	Lunch	

13:30-14:20 Poster Presentation Session

Symposium 3: Surgical technique and donor surgery		
Chairs: Mohamed Rela (Global Health City Chennai, India) and Bolat Baimakhanov (Syrganov's National Scientific Surgery Center, Kazakhstan)		
14:20-14:40	Optimizing techniques in living donor hepatectomy	Chao-Long Chen (Kaohsiung Chang Gung Memorial Hospital, Taiwan)
14:40-15:00	Reducing vascular and biliary complications in living liver donation	Rey-Heng Hu (National Taiwan University Hospital, Taiwan)
15:00-15:20	Surgical tips to deal with vascular and biliary variations	Gi-Won Song (Asan Medical Center, Seoul, Korea)
15:20-15:40	Minimally invasive donor hepatectomy	Kyung-Suk Suh (Seoul National University Hospital, Korea)
15:40-16:00	Coffee Break	

LDLT Study Group Colloquium in Kazakhstan_Program

Symposium 4: Surgical technique and recipient surgery		
Chairs: Chao-Long Chen (Kaohsiung Chang Gung Memorial Hospital, Taiwan) and Soon-II Kim (Yonsei University College of Medicine, Seoul, Korea)		
16:00-16:20	Bench surgery in LDLT	Mark Cattral (University Hospital Toronto, Canada)
16:20-16:40	Recipient hepatectomy and right liver graft implantation	Deok-Bog Moon (Asan Medical Center, Seoul, Korea)
16:40-17:00	Recipient hepatectomy and left liver graft implantation	Hiroto Egawa (Tokyo Women's' Medical University, Japan)
17:00-17:20	Special considerations in pediatric recipients	Mohamed Rela (Global Health City Chennai, India)
Case Discussion 1 : Postoperative management in Kazakhstan		
Chairs: Chao-Long Chen (Kaohsiung Chang Gung Memorial Hospital, Taiwan) and Hiroto Egawa (Tokyo Womens' Medical University, Japan)		
17:20-17:30	Clinical case I : Very high early transaminasemia; what to do?	Kakharman Yesmembetov (University Medical Center, Kazakhstan)
17:30-17:35	How to improve the outcome?	Mark Cattral (University Hospital Toronto, Canada)
17:35-17:45	Panel Discussion	Kwang-Woong Lee (Seoul National University Hospital, Korea) Kenneth Chok (The University of Hong Kong, HK)
Case Discussion 2 : Surgical difficulty in Kazakhstan		
Chairs: Kyung-Suk Suh (Seoul National University Hospital, Korea) and Jan Lerut (Université catholique Louvain, Belgium)		
17:45-17:55	Clinical case II : the liver graft has two portal veins	Zhassulan Baimakhanov (Syzganov's National Scientific Surgery Center, Kazakhstan)
17:55-18:00	How to overcome this surgical difficulty?	Refaat Kemal (Ain Shams University, Cairo, Egypt)
18:00-18:10	Panel Discussion	Kwang-Woong Lee (Seoul National University Hospital, Korea) Kenneth Chok (The University of Hong Kong, HK)
18:10-18:20	Summary and Closing Remarks	Jan Lerut (President of LDLT Study Group)
